Proceedings of the Government of His Highness the Maharaja of Mysore.

Read:-

Letter No. 6672 / B4R 1175 dated the 2nd June 1906, from the Comptroller to the Government of H.H.the Maharaja of Mysore, submitting the Budget Estimates for 1906-7, together with his notes thereon.

Order thereon No. Fl 404-48/Gen Fin: 335-05-04
Dated the 18th July 1906.

The total estimates of receipts provisionally sanctioned amount to Rs.2,27,55,000.

2. The following alterations warranted by the latest actuals and suggested by the Comptroller are accepted.

ii.	Mining Royalty & Leases	+ 9,000

xviii.	Scientific and other minor Departments	+8,000
xx.	Miscellaneous	+ 10,000
xxii.	Cauvery Power Scheme	— 50,000

3, Under State Railways - Revenue Account it has hitherto been the practice to show only the net traffic receipts. The Comptroller proposes that in the accounts and estimates from the current year the gross traffic receipts may be shown on the receipt side and the working expenses and other charges on the expenditure side. This proposal which has the advantage of exhibiting the total Railway transactions is approved. The Company's estimate of the gross receipts, viz.,Rs.22,53,000 is unnecessarily cautious, as shown by the Revised Estimate for 1905-6. An addition of Rs.1,97,000 to the Company's Estimate can safely be made, and the provisional estimate of net receipts, viz., Rs. 6,31,000 will accordingly be replaced by Rs.24,50,000.

4. With the above alterations, the estimates of receipts as finally sanctioned are as follows:-

ORDER THEREON.—The Government of His Highness the Maharaja have had under their consideration the question of granting travelling allowance to Amildars and Deputy Amildars for tours within their jurisdiction. This measure is calculated to improve the efficiency of this important branch of the subordinate executive service. The Government are convinced that the comparatively small additional cost entailed will be more than repaid by greater attention being paid by Taluk Officers to outdoor work and all temptation for drawing supplies from the raiyats being removed. The state of the finances has hitherto prevented effect being given to this small measure of improvement in administrative efficiency. It has, however, been found possible when dealing with the current year's budget to set apart the sum required to meet the probable charges on this account.
